8/21/15 Non Refundable Custom Knife Sheath for Ken Itzo of San Antonio TX

Ken, I just wanted to let you know your knife came today and I have added the LH Forward Slant knife sheath on the order. Mr. Itzo,

You asked for a left forward slant knife sheath. I have a copy of your note that you included with your knives. We will make you a right forward slant like what is pictured for the cost of 75.00. The only way we refund on custom knife sheaths is when it is our mistake and in this case it is not. You asked for a left forward slant and that is what we built you. Please let me know what you want to do.

I would like you to make it right at no additional cost. Mr. Itzo, I have to charge you for the new knife sheath. We will not accept the Left Slant you ordered back. There is no refund on it. So either you pay for the new one or I will ship both of your knife sheaths back to you. You can try to sell the fixed blade you ordered wrong on the internet. If you want the new knife sheath then send us a check or money order for 81.19 for the new sheath and tax. I will pay the shipping for you. We will not make you a new knife sheath for free. The sheath was made to your specifications so it wasn't our mess up. **Ship them back.....and expect some bad reviews.**

Dedication to Quality

Having heard about your reputation before I ordered, my expectations of your quality was probably unfairly too high. Well, your quality materials and single minded quality craftsmanship were well beyond my already unrealistic expectations... Thank you David (another triple exclamation)

my son will be receiving the dual carry holster tonight and with a doubt, will overwhelm. As a side note, I tried JD's new lined holster with my Glock and was all but shocked at the difference it makes withdrawing the weapon. I can't imagine ever ordering a new holster without this option. Your **dedication to quality** needs to be held in the highest regard, especially in todays 'slap it together and let the buyer deal with it' world. Thank You. ~ Dennis Q

Unsurpassed

I have two Bodyguard holsters, one for my LC9 and one for my LCP. I also have a Bandit for my SR9c, and a mag pouch for it too. I have a mag pouch for my LC9 and a Cowboy Wallet on order. Obviously, I like your leather work. In fact, I think your workmanship is **not surpassed in the field**. All of my holsters and mag pouch are obviously made with care and quality in mind. More importantly, they function exactly like they should and the materials and craftsmanship in each guarantees that they will outlast me and still be functional and beautiful to boot. I stick with a craftsman that is at the top of his art, and that means I will be looking to your holsters and other leather goods first when I need something new. I appreciate your and your organization's integrity, honest and awesome craftsmanship. I moderate a gun forum and I always recommend your products when one of our members asks for recommendations. ~ Michael S

Looks great. Performs even better.

I just received my Dual Carry Holster for a 1911 commander. The fit and finish is spectacular. This is my second Dual Carry from you. I purchased the first three years ago and after using it to carry just about every day it still looks great and performs even better. I have worn this holster on duty and off for 12 hour shifts and longer and it is the most comfortable I have found. I have been in foot chases and fights while wearing your holster and my weapon never moved. I originally ordered your holster to use while I waited six months or so for a very famous holster maker to finish my order. By the time that holster came in I was so satisfied with the Dual Carry that I just sold the other to a friend.

Praise for the Dual Carry.

The Dual Carry is comfortable, fast to draw from and conceals well with just a T-shirt I have needed to carry a weapon daily for the last 15 years and have owned some of the top named holsters. My holster needs to be comfortable and secure sitting in a car, at a desk, walking, running and even occasionally fighting. The Dual Carry does it all with class. I have two of your holsters, one of your belts and a mag carrier. I couldn't be happier with your products and will be ordering another Dual Carry for the 3.5 inch officers 1911 that is being customized as we speak. Thanks for a great holster that really performs. ~ Stephen T

I just wanted to thank you for the great holster you sent me recently. I had a really hard time trying to not obsess about my holster while awaiting its arrival. Your dual carry is a great holster that really shows off your craftsmanship and professionalism. I just wanted to commend you for such a great product and I hope to do business with you again in the near future. Thank you again, Sir. Sincerely, Logan I

Absolutely beautiful.

I ordered a holster from you on January 28. This is my first email to you since I placed the order. I understand that you need to spend your time making holsters - not answering email. Today I received my order. I want you to know that I think the holster is absolutely beautiful! Color, stitching, lining, fish scale hand tooling - all are a tribute to you and your pursuit of excellence in the artistry that you bring to the holsters you create. And the fit for my sub-compact PX4 Storm is perfect. I could not be happier. It is wonderful to find a person who is focused on quality and customer satisfaction in building their business. I wish there were many more like you. No need to respond to this email. I just want to know that what you do is greatly appreciated. I am sure you have received many, many, emails that have expressed sentiments similar to mine. Thank you so much. ~ Greg H

It is much appreciated and will be used often. Thank you ~ Alex K

Comfortable and solid.

I just received my Dual Carry for my Springfield XDm today. The wait was well worth it. I am amazed at the level of quality and detail that is seen and felt in this holster. It fits my XDm like a glove. I am currently wearing it around the house to get used to it, but I am surprised at how comfortable it is to wear right away. Solid, but not so much that it's uncomfortable. Great product you have going here. I will be purchasing from you again in the future. Thanks, Tim.

Put it on right out of the box and worked in the yard all day. Extremely comfortable.
Great product. When I need another I'll order from Bullard. Stephen M

The holster and slide are superb! Much nicer than some others I have. (I'll be ordering from you from now on!) Thanks Oliver W

Wanted to send you an update on my holster you made me a left hand small of the back Texas Concealed holster for my XD 40. The quality was great and the holster looked awesome. I have a back disability so was not sure how comfortable the holster would be behind my back but decided to try it this holster is almost not noticeable even with the extended mag in the mag holder. I can even wear it while driving; it is easily hidden under a t-shirt. Being left handed I can also remove the holster while driving and place it in the door pocket of both my cars the clip holds it securely in place. The draw of the holster is awesome very smooth, We tested someone trying to take the weapon from behind in the holster and it proved to be difficult for them to remove the weapon, we also tested the holster running and my weapon stayed securely in the TCC holster. This is by far the best holster I have ever purchased and for my XD this will be the last. When I buy my next CC weapon I will be ordering another Holster from David Bullard Leather MFG Much Respect Rick

I recently received my order of one "ranger" belt and one IWB holster. I am certainly glad I discovered your web site. This has to be the highest and best quality I have ever seen in a belt and holster. To say I'm overwhelmed by the quality would be an understatement. My compliments to you for your excellent workmanship. It is quite apparent you take great pride in your products. THANK YOU James M

I really love this holster. Never sure what you are going to get when ordering leather from someone for the first time. I find the holster to be an incredible value. I'll be back for more. Best Regards, Bruce F

I just received my holster today. You far exceeded my expectations! Thank you for not only a comfortable holster, but one that looks as good as this one does. It almost seems a shame to wear it on the inside of my waist band and not show it off. Thank you again for all of your work! S.Tomberlin

Just a note to thank you and comment on your products. I spent a couple of decades working on the US-Mexican border as a Border Patrol Agent. Being there afforded me the opportunity to have custom made leather boots, saddles, tack and lots of gun leather. The days and nights of carrying my old N frame Smith, loops, speed loaders, handcuffs, knives, flashlight, lots of gate keys and a big old radio was interesting at best. Those times are gone, but I want to thank you for making it a pleasure to carry my .45 in comfort with your holsters and belts. Your workmanship, quality of leather and fit/comfort are unsurpassed. I look forward to seeing your next "work of art" arriving in the mail. Thanks again and only the best to you and your family. Semper Fi, Mike

I received my new holster and mag holders today, I just wanted to say Thank You and they are Fantastic as always! Great workmanship and Quality. Keep up the Great work, Mike B

It's easy to tell that you are a true craftsman. When my order arrived and I opened the box I was truly impressed with the quality and care that had gone into the making of these holsters. Yours is definitely a labor of love. A rare thing to find today. Thank you for a superior product. Jim Alkire

Well I just got my order in today, # 4183, a BodyGuard holster with basket weave and mag holder. Wow, the work is fantastic!! I'm really impressed with the holster and it's one that I will wear and display with pride. I also wanted to say thanks for adding the basket weave to my mag holder. The matching weave is really awesome. This is my third order from you and I must say that today's order is my favorite. Although, now you've got me really looking forward to the day my next order arrives. Can't wait. Thanks again for the outstanding craftsmanship and another great piece of work! Sincerely, Greg H

Mr. Bullard, I just received my 2 holsters. Not only do I have no complaints, but the holsters are exactly what I had hoped for. Thank you for your attention to detail. It's difficult to buy over the internet these days and have the quality show up as advertised and shipped within the promised delivery time. Stan G

Good value. Excellent design, particularly the enclosed muzzle. Thank you! Stan S

A cut above

In the 1980s I built extremely high end custom guns on HK, SIG, Walther, 1911, and other formats. These guns sold for over \$1000 in 1980-1986. I did the centerfold gun for the American Handgunner in Jan/Feb 1984. I used Tauris and Roy Baker exclusively. They were the best available. I knew Roy well and Mike incorporated many tips from being with the Utica PD for years. Enough for history... Your workmanship is a cut above anything I have ever seen in 30+ years as a pistol smith, LEO and CCW owner. Skins are perfect, stitching 100%, but the most notable part is your pattern design. Stress on the gun is minimal; boning is precise but not scarring. Finishing is the best I have ever seen. You have no peer...Period Geoff Davis

Excellent

Fit and finish are **excellent**, can't wait to wear it tomorrow. Thanks for the beautiful holster and mag holders. Kevin S

Superb quality, fine finish, attention to detail.

Today I was very pleased when I opened the box containing the holsters for my Sig P238 and an extra magazine. I have been buying firearms and related accessories for more than 50 years. Yet it has been decades since I found the superb quality, fine finish, and attention to detail in your lovely holsters. Kudos! Although I already own three other holsters for this Sig pistol I doubt they will receive much use after today.
Best Regards Bruce R
