

Concealment Holsters You Won't Find Anywhere Else

All of my concealment holsters and belts are made from 100% Hermann Oak leather, which is the highest quality, most long lasting and beautiful leather available. Holsters are 100% handmade, and perfectly machine sewn, so you can be sure you're getting a one-of-a-kind item. Choose from Saddle Brown, Natural, Black, Mahogany, Chocolate and Dark Brown colors in a variety of Tooled leather and exotic skins Ostrich, Tiger Shark, Elephant, and Hippo etc. Due to the demand for quality holster I only offer the holsters I have listed on this website and my online store. I do not make any holsters with thumbbreak snaps only open top holsters as shown. All of my holsters are designed by me and I do not make or copy other makers holsters so, if you find one you like made by another maker by all means buy it.

PWC- Holster

starting at \$80.00

(Pocket/Wallet Combo Holster)

This is my new design in Wallet holster.

The holster is made of medium weight 8/9oz saddle leather and the Wallet Panel is made from heavy weight 10/11oz. saddle leather to break up any print of the gun in the pocket.

This holster can easily converted to either Right Hand or Left Hand Front or Rear pockets.

Wallet panel can also be removed for a simple pocket holster.

Please note some holster will require a large pocket such as a Cargo type pants or Vest or Coat Pocket.

Keep in mind this holster can only be made to fit the gun and does not Magically shrink the gun or make the gun smaller or thinner than it is.
Shown here for the Sig-Sauer P238

- 1 1/2" \$85.00
- 1 3/4" \$90.00

Any good holster needs a good belt to help support the weight of the gun.

All of my belts are made using 2 pcs. 7/8 oz. Herman Oak leather making them about 1/4"

thick.

Ranger Belt Double Thick

- 1 1/2" \$125 (3/4" billets two keepers)
- 1 3/4" \$130 (1" billets one keeper)

Belt Sizing

My belts are measured from the fold (where the leather folds over the buckle) to the center hole with 7 holes at 3/4" spacing

You can measure your old belt by measuring from the fold of the buckle to the hole you actually buckle it in. **DO NOT MEASURE THE WHOLE BELT JUST THE HOLE YOU BUCKLE YOUR BELT WITH.** You normally wear 2-3" larger in your belt than your waist size.
