BTB Holster (between the belt)

The BTB is most compact holster I make. The holsters hold snug against your side for awesome concealment. Holster is smooth leather lined and has the body shield to keep the gun from digging into your side. And will fit many guns similar in frame size for a multi-use holster. Open muzzle allows you to carry most any barrel lengths.

Its small compact size makes it great for the ladies my wife carries one and loves it.

Fits up to 1 3/4 belt.

Also a great Summer time carry holster.

Made for most Autos listed on my gun list.

Order on my online store starts at \$85.00

(smooth lining is included on this holster)
